

New Sept 15 1881

My dear Watson,

I found Dr +
Mrs Gray at home + pretty
well. Dr Gray says that he
has been falling away but I
do not detect it there.
If he goes with all of his
guests as he did with me,
taking such a long walk + just
when he, of course, felt he
might be at the Compositae,
I can readily believe he
would soon lose flesh. Mrs S
+ he have been as kind as possible
